List each position by title or position number. The **position numbers** should correspond with the **position numbers** on all budget forms.

2. Central Administration.

Fill out the form titled "Central Administration Program Description FY2018" to describe the Central Administration for your agency. Central Administration consists of the Executive Director and other staff who perform agency wide functions such as personnel, payroll, billing, accounting, quality improvement, etc. Under "Staffing Pattern" list the position number from your (UCR A-2) Personnel Budget form, the position title, and the annual number of hours devoted to central administration. Examples of programs might be mental health outpatient, vocational services, residential services, crisis services, child/adolescent services, Y.L.O.T.T, P.O.P, Addiction outpatient, etc.

For each program, enter the agency name, program name and type of program, e.g. mental health or Addiction, treatment and/or prevention.

- Staffing Pattern – List each **staff position number** from the UCR A-2, the title of each position, and the number of hours each staff spends annually devoted to this program. A full time position is the equivalent of 2080 hours per year.
